

SAKSHI RAHANE

📍 Pune, Maharashtra ✉ sakshirahane2003@gmail.com ☎ +91 9307627174 in LinkedIn-SakshiRahane

Career Objective

A highly motivated and adaptable Computer Engineering graduate with hands-on experience in Python, web development, and cloud fundamentals. Looking for a dynamic role as a Software Engineer where I can apply my technical skills, contribute to innovative projects, and grow professionally. Willing to relocate and work anywhere across India.

Education

B.E. in Computer Engineering Alard COE, Pune (SPPU, Pune) GPA: 7.5/10	June 2022 – June 2025
Diploma in Computer Technology Sanjivani KBP Polytechnic (MSBTE, Mumbai) Percentage: 85.54	June 2019 – July 2022
SSC State Board, Pune Percentage: 73.40	June 2018 – July 2019

Technical Skills

Programming Languages:: Python
Data Analysis: Python (Pandas, NumPy, Matplotlib), PowerBI, Data Preprocessing, Visualization, Basic Statistics
Web Development: HTML, CSS, JavaScript
Database: MYSQL
Concepts: Object-Oriented Programming (OOPs), SDLC
Cloud Technologies: Git, GitHub, AWS (Basics)
Operating Systems: Windows, Linux

Final Year Project

Project Title: Medledger – Personal Health Record Identification System

- **Role:** Blockchain Developer
- **Tools/Technologies Used:** Python, Java, MySQL, HTML, CSS, JavaScript, React, Spring Boot, VS Code, Eclipse, SHA-256, REST API
- **Description:** Developed a decentralized and secure healthcare data access system that uses biometric fingerprint authentication and blockchain technology to enable emergency medical data retrieval with privacy and integrity. Implemented a blockchain-based healthcare record system using biometric fingerprint authentication for secure real-time access to patient records.
- **Published Paper:** "Medledger – Personal Health Record Identification System" Published in **IRJMETS**(International Research Journal of Modernization in Engineering Technology and Science).

Extracurricular Activities:

Data Analysis with Python Intern: Anudip Foundation – Pune, Maharashtra
Duration: February 2025 – April 2025 | Grade: A
Successfully completed 100 hours of hands-on training in Data Analysis using Python. Explored tools like Power BI and Tableau to create dashboards. Worked on real-world datasets applying data preprocessing, EDA, and visualization using Pandas, NumPy, Matplotlib, Power BI, and Tableau.

Python Workshop: ZeroOne Bits Technologies

Covered core and advanced topics like OOP, file handling, exception handling, decorators, and working with a data libraries like Pandas and NumPy.

Personal Information

Full Name: Sakshi Babasaheb Rahane

Date of Birth: 28th August 2003

Language Known: English, Hindi, Marathi (Native)

Hobbies: Crafting, Cooking, Listening Music, Reading Books etc.

Location Preference: Immediately available and Open to relocation across PAN India.

Declaration

I hereby declare that all the information furnished above is true and correct to the best of my knowledge and belief.

Sakshi Rahane (Software Engineer)
